

## Platypus Trapping 6-7 May 2015

The forecast terrible weather did not eventuate so with two vehicles and eight people the night ran smoothly. We started putting the trap pairs out on Wednesday night then returning to check them till 1:30 am

As was consistent with previous years pairs of traps were placed in

<b>Jacksons Creek</b>	<b>Melway Ref</b>	<b>Platypus caught</b>
Macedon St Bridge, Apex Park Sunbury,	382 G5	<b>One female</b>
Sunbury Water Treatment Plant.	382 G9	<b>Two male &amp; One female</b>
Holden Bridge Diggers Rest to Bulla Rd	176 F4	<b>Two male &amp; One female</b>
Organ Pipes NP, Tessellated Pavement & Pump Shed Ford	3 C3 & D4	NIL
<b>Emu Creek</b> Bridge on Gellies Rd	383 C5	NIL
<b>Deep Creek</b> Bulla and Wildwood Rd, Martin Dillon Res.	177 A6	NIL WATER, NO TRAPS

All captures were unique on the night, if not already micro chipped this was done.

Macedon St Bridge, Apex Park Sunbury

Organ Pipes National Park, Tessellated Pavement
