REFERENCE SPECIMENS

(if applicable)

Common Codes:

A1532 - Fox
M1510 - Rabbit
Q1408 - Black Rat
Y1412 - House Mouse

W1003 - Echidna
E1162 - Koala
K1165 - Wombat
E1242 - Swamp Wallaby
S1265 - Eastern Grey Roo

S1133 - Greater Glider
E1138 - Sugar Glider
A1136 - Y-Bellied Glider
K1113 - Brushtail
Z1115 - Bobuck

C1129 - Ringtail
S1141 - Leadbeater
Q1028 - A. stuartii
Z1027 - A. flavipes
K1033 - A. swainsonii

Z1395 - Bush Rat
U1398 - Swamp Rat
Z1355 - Lesser longear Bat
Z1351 - Chocolate Bat
C1349 - Goulds Wattle Bat

Z1379 - V. vulturnus
M1378 - V. regulus
C1381 - V. darlingtonii
T1810 - V. unidentified

Fill in T Columns: as T if trapped, S if seen, H if heard, I if indirect evidence including tracks, burrows, diggings, scats, skeletal material (give details of these in species and details column).

Fill in X columns: (as required) as B if there is clear evidence of breeding, C if a roost site (e.g. of bats) is found, K if specimen is found roadkilled or dead, W if beachwashed or stranded. **R column** is for DSE office purposes only.
